

# Get expert cytology reviews quicker

VETSCAN IMAGYST™ accelerates the process for expert clinical pathology reviews—simply prepare and scan slides, then submit for expert results in <2 hours.

## 1 Prepare cytology slide

- Prepare a cytology slide using industry best practices
- Include a label or handwritten note in pencil on the slide
- Keep the slides together and well organized

## 2 Add new test

- Log in to VETSCAN IMAGYST
- Choose the correct sample and select **START**. Sample information will come prepopulated from any FUSE-connected software system
- If no practice management integration is available, select **ADD NEW TEST (+)**
- Enter all required information and then select **CREATE**

## 3 Complete patient history

- Enter the patient's breed, age and gender
- The patient's species is already set
- Include a brief clinical history

## 4 Add sample sites

- Select **ADD FLUID** or **ADD LESION**
- Enter the required information
- Select **CREATE**
- You may create up to 2 different sample sites
- Select a sample card to open and edit a sample site
- To remove a sample site, open sample **site card** and select **DELETE** ( )

## 5 Add scans

- Select **ADD A SCAN** or **SCANS** to open the scan window
- Select an available scanner
- Select **OPEN TRAY** and place cytology slide on the tray, locking it in place

## 6 Create scan area

- Select **PREVIEW** and review the suggested scan area
- Accept the suggested scan area or create a custom scan area to reduce the scan time. Select **CONTINUE** when you are satisfied with the scan area
- You may scan 2 slides per sample site
- Select **DELETE (X)** to remove a scan

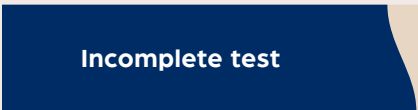

## 7 Submit test

- To assist the pathologist with their interpretation, attach any history documents (.pdf) or photos (.jpeg)
- Select **SUBMIT ORDER**

## 8 Review test

- When the clinical pathologist's interpretation is complete, select **READY FOR REVIEW**
- Find the desired test and select **REVIEW**
- Review the findings
- The test will move to **TEST HISTORY**

- An incomplete or unsubmitted test will display an **Incomplete Test Order** status in the inbox

- Select **OPEN** to complete all required fields
- Review steps 3–7
